## GOOGLE CHROME BOOKS HAVE ARRIVED!

Thanks to the success of our Wheel-a-Bration Fundraiser and the generosity of our PTO, EIS students will soon be using Google Chrome Books in their classrooms!

EIS students may see a large cart being pushed into their classroom. The cart contains 30 wireless Chrome book laptops. Students and teachers will have access to the latest technology using these computers as well as Google Docs! In order for students and teachers to be able to use the latest

technology offered by Google, each student and teacher will have their own Google account. The account may only be used to access school approved sites as well as to create and share documents.

We are very excited to add this new technology to our school!

**Attention 6th Grade Families:**

**CORE VALUES  
AT EIS....**

*HONESTY  
INDEPENDENCE  
LIFELONG  
LEARNING*

Englesby School Community focuses on a core value every month. Both 5th & 6th grade students attend an assembly that highlights the month's core value.

March's core value is Honesty. April's core value is Independence. May's core value is commitment to Lifelong Learning.

Asking your child what each of these values means to them is a great conversation starter when they tell you

## SIGNIFICANT SCIENTIFIC HAPPENINGS IN ROOMS 213 & 214

On Friday, March 2, 2012, students in Mrs. Lordan's science class made presentations to their parents. These "Future Geneticists of America" made Power-Point presentations demonstrating their knowledge of DNA related diseases and disorders.

The idea was student generated, and was a great lesson in research

and content, which tied directly to what the students were learning in class. Students re-searched the etymology, symptoms, treatments and prognoses of their chosen disorders.

It was a very successful day, and both the students and the parents enjoyed themselves!!
